SONG LYRICS

CHORUS

You and me
We can grow together
We can grow together
Yeah, you and me
Make each other better
Make each other better
I got your back, you got my back
I got your back, you got my back
'Cause you and me
We can grow together
We can grow together

VERSE 1

I wonder what I can learn from all of my friends
We're growing in God and learning who He is
Loving each other and we're showing how we feel
You and me plus God we gon' always keep it real
I got you
Let's go
Don't stop
Oh no
Oh I wonder about God
Look how much I'm learning from my squad
I love doing life in community
I love doing life when it's you and me

CHORUS

You and me
We can grow together
We can grow together
Yeah, you and me
Make each other better
Make each other better
You and me
We can grow together
We can grow together
Yeah, you and me
Make each other better
Make each other better

I got your back you got my back
I got your back you got my back
'Cause you and me
We can grow together
We can grow together

VERSE 2

I wonder how God can make us all so cool
Nobody's the same but yet we all still rule
We all love each other even when we feel low
You and me plus God means that we are not alone
I got you
Let's go
Don't stop
Oh no
Oh I wonder about God
Look how much I'm learning from my squad
I love doing life with community
I love doing life when it's you and me

CHORUS

You and me

We can grow together

We can grow together

Yeah, you and me

Make each other better

Make each other better
